## Revoke Mr. Kissinger's 1973 Nobel Prize for Peace

Dear friends,

With this message we'd like to inform you that our "Latina" discussion forum (mailing list about South America based on [www.peacelink.it](http://www.peacelink.it) server) has organized an international campaign to revoke Mr. Kissinger's 1973 Nobel Prize for Peace. This action doesn't want to be persecutory on Mr. Kissinger, but tries to revoke this Prize only to give back real dignity to the word "peace" itself. We think that only a World wide mobilisation would be successful, after these few introductory lines, you will find (in english, italian and spanish) the letter that subscribers of all continents are sending to Nobel Committee in Norway. We hope also that other sites will happily host this campaign adding a "light of protest", so we are sending our logo, too. Please feel free to put it in your page (if you have one) or at least to make the greatest number of people know about it!! First thousands of subscriptions are coming from all over the World (Italy, Sweden, Guatemala, Australia, USA, Israel, Palestine...) as you can check easily at the URL:

<http://www.peacelink.it/tematiche/latina/nobel/elenco.php3>

We plan to be active with this campaign at least until december 2001, when the next Nobel Laureate for Peace will be announced.

VERY IMPORTANT!

To have an idea of how well the action is going, the only URL from where we ask you to subscribe our appeal is:

<http://www.peacelink.it/tematiche/latina/nobel/>

\*\*\*\*\*

Every letter will be sent directly from there to Nobel Prize Committee and a copy will be also sent to our email address in order to have a complete count of subscribers.

We hope you can support our action and we'd like to thank you in advance for your attention and for your help. We are ready to satisfy every other request you should have about this campaign and we please you to make us know as soon as possible if you'll put our logo on your server.

Thank you! Ciao!!
